Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Los Molinos High School initiatives are based on three categories; district board measurable actions which are directly aligned to LCAP goals, and ESSA requirements. LMHS use the PLC process to inform the cycle of inquiry to effectively monitor educational practices that make an impact on student learning.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Participated in LCAP surveys that addressed the questions below. The top results are also listed:

1. What services do you suggest LMHS continue?

- Credit Recovery- Cyberhigh
- Chromebooks for all students
- Math and English Intervention
- Clubs/Activities
- FFA program
- AP and Dual Enrollment with Shasta College
- PSAT and SAT free for all students
- High quality sports

2. What current services do you suggest LMHS enhance or expand on?

- Interventions/Tutoring
- Summer School
- AP and more Dual Enrollment course offerings
- Create more CTE offerings
- More Scholarship support for students
- English and Math Interventions

3. What services do you suggest LMHS provide that we are not currently providing?

- More course offering options
- More electives
- Paid work experience
- More mental health services

4. Other suggestions and input:

- LMHS is a nice small high school.
- More parent communication
- More updated website
- Less vaping at the school

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Both informal and formal classroom observations are conducted on a regular basis by all administration. This comes in a digital and non-digital format depending on the day. The forms allow

for data to be collected in an on-going method, which allow for teacher and administration to have collaborative conversations about instruction and students.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

LMHS uses the program-Illuminate to import, create assessments and deliver assessments and disaggregate student achievement data to help inform instructional decisions. Among the state and local assessments that are used to measure student success include CAASPP. We are focusing on the Smarter Balanced assessments, SAT, ACT, AP, A-G rate, CCI completion rates (CTE), as well as district and site level common assessments. LMHS also offers 3 four year pathways, which are open to all students, and contain the ability for all students to gain dual credit while in high school. Participation in the Career Tech Education pathways are measured on the CCI. This data along with math and English measurement on the CCI allows Professional Learning Communities to help directly inform instructional decisions made by teachers on a regular basis.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Los Molinos High School is committed to the Professional Learning Community model of collaboration. Teachers meet on a weekly basis to develop, implement and review data based on common assignments, projects and assessments. The data collected is used to inform instructional decisions for the PLC and individual teachers. Los Molinos High School also has monthly PLC Lead meetings to vet ideas and receive feedback from PLCs to move forward with instructional decisions.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Los Molinos High School works to hire teachers who are Highly Qualified to instruct all students. All beginning teachers are supported through a mentoring and induction process, which allows teachers to collaborate and identify instructional practices to support all students. Teachers are equipped with a system of support, which range from PLC-department head support.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers have been fully trained through state, district and site based professional development to fully utilize the state adopted curricula and instructional material to maximize efficacy. Los Molinos High School utilizes a combination of project based learning, focus high leverage instructional strategies and Rti interventions to support the instructional needs of all students.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

There are three levels of staff development for Los Molinos High School staff. The first level is district level professional development, these trainings focus on district initiatives include PBIS and PBL, NGSS, English Language Development, and technology training. The second level of professional development is at the site level, these trainings focus on site based initiatives including academic discourse, EL support in the classroom and technology integration. The third level of professional development is at the PLC level, these trainings are more focused on curriculum development and sharing best practices that are specific to their subject matter

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Los Molinos High utilizes its own experts within its teaching ranks to provide ongoing instructional assistance and support. Due to our small size, site administrations are able to provide more robust coaching of teachers and EL. Los Molinos Unified School District also has an instructional coach, who are able to provide additional support and resources for PLCs to help support instructional goals.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Los Molinos High has designated protected weekly PLC time to allow for teachers to meet by department and courses. Teachers spend time in both departments and PLCs to provide ongoing support to each other in the areas of curriculum, instruction and assessment. PLCs also discuss student supports available to utilize to support distance learning

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

LMUSD is committed to providing PLCs with the time and support to plan lessons and units that adhere to content and performance standards. Unit planning has been made available by both the district and school site. Los Molinos High School is identifying essential standards in all core curriculum areas to all students with an equitable education.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

LMHS is committed to making instructional material available for all students that is aligned to standards and proven effective in the classroom. Teachers are able to participate in the vetting of curricula to maximize student learning.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Los Molinos High School has all curricula material that are focused on standards and aligned to the various content specific standards, including the new standards of Common Core and NGSS. Specific intervention material is also aligned to content standards including the ELD and Math intervention programs to improve the skill base for all students needing extra support.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Los Molinos High School PLCs have taken ownership of not only the curricula, but also the response to intervention. Underperforming students are served through a variety of intervention responses including class time intervention and after school intervention. PLCs respond to underperforming students in a unified front with consistent intervention methods. Los Molinos High School also has a focus on equity by informing staff of target groups, and assuring teachers know who are the students in the classes. Data is also provided to assure teachers are aware of the achievement gap, and are given the tools to monitor all students. Los Molinos High School has a focus on equity for all students.

Evidence-based educational practices to raise student achievement

Los Molinos High School is committed to implementing research-based instructional strategies that help underperforming students, LTEL students and all students strengthen their academic skills in the areas of literacy, mathematics, and academic discourse. Los Molinos High School currently has Academic Language Development classes for all EL students to provide support for students in their core classes, and as the work through becoming proficient in all language domains. Los Molinos High School works extensively with outside instructional support services to provide guidance for different demographic groups to assure instruction is supporting student needs.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Los Molinos High School has been able to continue the after school Learning opportunities to help provide all students with intervention and enrichment. Additionally, Los Molinos High hosts several parent information nights for all grade level parents from freshmen parents to college application and registration for senior parents and all important topics in between. The SSC and ELAC parent student groups are another venue to help inform parents about the resources that are available to them and their families. Los Molinos High School has sponsored Scholarship Writing Night, which helps seniors develop effective letters.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Los Molinos High utilizes the School Site Council as well as the English Language Advisory Council to approve all ConApp programs. LMHS also has PLC Lead meetings, and a PBIS Committee to inform parents and students of educational supports.

The importance of ongoing communication between parents and teachers through, at least, annual conferences, reports on student progress, access to staff, and opportunities to volunteer and participate in and observe the educational program.

LMHS has provided a variety of opportunities for parental input, including LCAP, Back to School Night, Sport Meetings, PBIS, School Site Council, ELAC, Booster meetings. All parents are encouraged to participate in their student's education in a variety of ways, including joining boosters, and sports related support groups.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

LMHS does not receive Title 1 funding.

Fiscal support (EPC)

LMUSD provides Title 1 funding support for the Elementary School.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The SPSA was developed in collaboration with the administrative leadership team with input from teachers, students and parents. This plan was developed to provide all stakeholders with an overview of school systems and targeted areas of support for all students including target groups.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

LMHS did not identify resource inequities at this time.

Grade 10	60	50	51
Grade 11	59	57	47
Grade 12	37	62	54
Total Enrollment	211	222	214

Conclusions based on this data:

1. This data is consistent with the normal enrollment trends of LMHS.
2. LMHS adopted virtual learning during the school year and created a schedule where students were able to receive help from their teachers twice a week on minimum days.

School and Student Performance Data

Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students

Conclusions based on this data:

1. For the 2020-2021, the back and forth of distant learning, quarantining of students, and in-person instruction provided many challenges primarily in consistency of high leverage instruction and student accountability within the math department.
2. For 2021-2022, changes were made to the pacing of the math courses to match student learning loss.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

Conclusions based on this data:

1. LMHS is moving in the right direction with PBIS and restorative justice practices. We have seen a rise in the use of vape products which we are implementing strategies such as vape detectors.
2. Our graduation rates continue to remain high which is a testament to our credit recovery interventions. We need to continue to improve the support for students at-risk of not meeting graduation requirements.
3. College and career readiness indicators indicate consistent growth.

Conclusions based on this data:

- English Learner Progress has decreased, this due in part to our level of reclassification. 2019-2020 School year did not complete all testing due to COVID19
- Graduation rate is high due to multiple interventions, credit recovery options, and multi tiered systems of support.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

Conclusions based on this data:

1. Overall graduation rate moderately high standing at 90.7%. Graduation rate for 2020-2021 remained high even with COVID 19 as a factor which could affect completion rates.
2. We must do a better job of tracking and supporting our Latino students to ensure they meet all credit requirements.

2019 Fall Dashboard Suspension Rate by Year

2017	2018	2019
	1.9	3.4

Conclusions based on this data:

1. For 2019, LMHS saw an increase of 1.6. For 2021, LMHS increased to 10.4%.
2. We need to apply more restorative justice practices to discipline cases, This can pose challenges especially with situations involving mandatory suspension codes.

Student Achievement

LEA/LCAP Goal

All students will achieve proficiency in core subject areas as measured by the State Assessment (CAASPP).

Goal 1

Increase the academic achievement of Latino students, students with disabilities, and socio-economic disadvantaged students according to the CAASPP Math and ELA Measures. Considering the learning loss due to distant learning and Covid-19 schedule changes, our goal is to increase at any percentage rate for the 2022 CAASPP test. 2. California Dashboard indicators to maintain or increase at green or blue across all measures.

Identified Need

- 2021 All students ELA 40.81%
- 2021 All students Math 10.20%
- 2021 Students with disabilities: 10 or fewer students/not reported
- 2021 Economically Disadvantaged Students: ELA 37.93%, Math 6.90%

2021 Latino Students: ELA 26.09%, Math 4.35%

100% of PLCs will use data to guide instructional practices with an emphasis on closing the achievement gap in significant target groups. This will include a variety of intervention supports including: afterschool tutorials, Credit Recovery, Academic Saturday School, and built interventions during the day.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Support students within the CORE curriculum by using instructional strategies that support English Learners, SPED, and Socio-economic students to write and speak using academic language. 2. For the above sub-groups, implement methods to increase cognitive tasks, express thinking orally, inform text structure, and engage in academic conversations. 3. Review monthly formative and summative assessment data using an analysis tool in PLC groups and inform practice to better serve these students 4. Create SMART (Specific Measurable Attainable Results Oriented, and Time Bound) goals for these sub-groups and monitor their growth by department. 5. Implement high leverage instructional strategies aligned to ELD and Common Core State Standard expectations.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences from previous actions.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

It is important to assist students in passing their required courses the first time they take it. This requires working with students and their families to ensure they understand the grading schedules for all teachers and the expectations for passing their courses. This can be difficult at times depending on the student dynamic. By adding a Computer Science pathway to the CTE programs, this will assist in increasing the overall amount of student pathway completers. We need to ensure students that are taking A-G courses are provided the support they need to pass them with a C or better.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Goal Number	Total Expenditures
Goal 1	55,000.00
Goal 2	4,500.00
Goal 3	70,000.00
Goal 4	35,000.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 1 Classroom Teachers
- 2 Other School Staff
- 2 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Joey Adame	Principal
Melissa Melendez	Other School Staff
Emma Flores	Classroom Teacher
Melissa Peters	Parent or Community Member
Karla Montes	Other School Staff Parent or Community Member
Yuri Nava	Secondary Student
Tracie Spence	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 03/14/2022.

Attested:

Principal, Joey Adame on 04/13/2022

SSC Chairperson, Melissa Peters on 04/13/2022

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**asurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency’s budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA’s budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseseinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
